

REMARKS

Applicant has amended the claims to clarify the structure of the invention and to clarify the functions of the claimed invention. However, amendments have not been made to narrow the claims of the original application but, rather simply, to clarify claims due to grammar that the Examiner found unclear.

Based on the foregoing, the Examiner is respectfully requested to withdraw the rejections of Claims 2, 12-25, 36-37 and 43-54 and pass these claims to allowance. Additionally, the Examiner is respectfully requested to withdraw the objections of Claims 33-34 and pass these claims to allowance.

If the Examiner feels that a telephone conference with the undersigned would be helpful to the allowance of this application, a telephone conference is respectfully requested.

Respectfully submitted,
JACKSON WALKER L.L.P.
